Questionnaire	Response (✓ / X / N/A)	Comment
No immediate food safety risk is present (e.g., livestock/poultry slaughter activities) when product is produced, handled, packaged, stored, or held under conditions that promote or cause the product to become contaminated.	✓	
No animal/bird/human feces and/or presence/evidence of rodents is observed on food contact surfaces in use, and/or in/on product, ducting handling, packaging, and/or storage of food products.	✓	
Production site and surrounding assessment: To the best knowledge, the field does not occupy ground previously used as landfill or other types of waste disposal.	✓	
Agricultural chemicals are used as per the regulation. The spray equipment has been properly maintained and calibrated. Standard operating procedures have been developed for pesticide application.	NA	
Agriculture chemicals are stored in designated areas and under proper conditions.	NA	
Agricultural water is not a source of contamination. Untreated sewage water is not used.	NA	
The production site and equipment are clean and maintained. The appropriated cleaning methods and materials are used. No potential source of product contamination.	✓	
The equipment condition does not contribute to contamination of product.	✓	
Proper waste management is followed. Areas for garbage, recyclables and compostable must be identified and waste must be stored and disposed of in a manner to minimized contamination.	✓	
The workers are trained in their area of responsibility relevant to good agricultural practices and a record of training is kept, when possible.	✓	Good manufacturing practices
If applicable, products are transported in a clean and sanitary manner and only compatible products are carried in a load to prevent cross contamination.	✓	
A traceability system is in place and mock recalls is conducted annually to verify the effectiveness of the traceability system.	✓	
Only food-grade materials are used in the production of the product.	✓	

	Food Safety Questionnaire		
	Version date: March 27, 2024	Version 4	Prepared by: BDC/wk Approved by: SQF Practitioner

Questionnaire	Response (✓/X/N/A)	Comment
